

# 2019

POVERTY 360 · ANNUAL REPORT

## Foundation years memorandum

USADF-backed dairy resilience kept nutrition and livelihoods stable through the first COVID-19 shock in Ghana.

## Executive summary

**Governing thought.** USADF-backed dairy resilience kept nutrition and livelihoods stable through the first COVID-19 shock in Ghana.

**Scope.** This memorandum summarises verified programme outcomes published in the Poverty 360 Foundation Years narrative. It is not a substitute for full audited statements.

### Financial snapshot

Metric	Value
Reporting year	2019
Total revenue (as published)	\$56,443
Context	Baseline year · total revenue (audited basis as filed).
Programme use efficiency	97 cents of every dollar directed to programme delivery

### Programme narrative

#### COVID response · Ghana · Dairy resilience and nutrition

With USADF C.A.R.E.S. support, Poverty 360 equipped dairy farmers to survive COVID-19, keeping milk on tables and livelihoods intact across Ghana while expanding hygiene access.

### Impact at a glance

Indicator	Outcome
Children fed dairy nutrition	5,000
Dairy farmers supported	330
Handwashing stations	450
Farmer revenue increase	+60%

### Policy brief · Risk · Implication · Action

**Risk.** Risk: supply chain and price shocks could erode smallholder margins faster than aid cycles refresh.

**Implication.** Implication: without predictable offtake and inputs, nutrition gains reverse within one season.

**Action.** Action: lock multi-year buyer commitments and pre-position veterinary and feed support.

Partners and validators referenced in the public Poverty 360 narrative include USADF, Citibank, national and local government entities in West Africa, and community implementing partners. Request underlying monitoring data through formal due diligence channels.

**Disclaimer.** This document is a decision-support memorandum. It does not constitute legal, tax, or investment advice. All figures are as stated in the Foundation Years public materials unless separately audited schedules are provided.
